

Data Collection and Preprocessing Phase

Date	06 July 2024
Team ID	SWTID1720158583
Project Title	Vitamin Vision: Unveiling The Spectrum Of Nutrient Detection
Maximum Marks	2 Marks

Data Quality Report Template

Data Source	Data Quality Issue	Severity	Resolution Plan
Kaggle Dataset	Inadequate data for a particular class/category	Moderate	Data Augmentation
Kaggle dataset	Dataset contains few images that have noise and disturbances in the background	Moderate	Feature Extraction to extract only the relevant features from the images
